

CORPORATE IDENTITY SERVICE

at Sumas Regional Consortium for High Tech

Are you a smaller technology company or consultant who needs additional business support and wants to elevate your professional image?

The **Raymond Szabada's Technology Centre of Excellence (RSTC) Corporate Identity Service** provides smaller companies with affordable high-end business services and the prestige of a business address without having to lease office space.

The **RSTC** is a District of Mission owned almost 6,000-sq-foot state-of-the-art facility dedicated to the support of technology companies and the high-tech sector. It is located in the heart of downtown Mission within walking distance to stores, restaurants, the West Coast Express, major bus routes, and is only a 10-minute walk to the waterfront.

Who are Corporate Identity Clients at the RSTC:

- Smaller home-based technology companies that prefer to meet with clients in a formal office setting
- Technology consultants who need a centralized meeting and presentation facility for hosting clients
- Small and medium sized technology companies with a head office in another city
- Technology companies that could benefit from an affordable option for accessing high-end business services on demand
