

AG-TECH™

venture acceleration program

DO YOU HAVE A BIG TECH IDEA FOR THE AG-TECH SECTOR?

The Sumas Regional Consortium for High Tech (SRCTec) has launched the AG-Tech Venture Acceleration Program in partnership with the Government of British Columbia.

This program is the first of its kind to act as a catalyst to support local innovation and entrepreneurship in the Fraser Valley, providing a bridge between Agriculture and Technology. The AG-Tech Venture Acceleration Program seeks to foster relationships for start-up and early stage projects within the AG-Tech community. This program offers industry driven resources, training and mentorship for intakes into the program.
